**VariMAX™**

FRESHWATER

# WHEN THEY'RE STEPPING OFF THE WATER, DIGITAL IS JUST GETTING WARMED UP.

We never stop advancing technology. Our latest breakthrough, VariMAX™, boasts best-in-class run time and precise variable speed control, so you can stay on the water longer. Perfect for casual pontoon rides to all-day fishing trips, VariMAX delivers over 3x the battery life of traditional 5-speed motors. It makes you a more versatile fisherman with its wide range of speed options, and it's one of the quietest motors out there. Check your BluVis™ display to monitor speed and battery voltage. Then, hit the water with the confidence that comes with owning what is perhaps the most durable trolling motor ever. MotorGuide Digital.

DIGITAL &

## FEATURES

Digital Variable Speed Control minimizes amp draw and maximizes fishing time – fish over 3x longer than a 5-speed motor

Large diameter 1.25" aluminum shaft for greater strength and durability

Powerful 3.5" diameter VariMAX Digital motors run cooler and last longer

Revolutionary intuitive push / pull, forward and reverse speed adjustments

Precise BluVis integrated speed and battery indicator

Aluminum Mount with 7-point adjustment eliminates slack

One-touch, rapid slide-depth adjustment collar

Extendable Tri-Lobe, soft-touch handle, you set the length for the perfect feel and control

Easy to adjust with a simple Allen wrench, the VariMAX's head can be repositioned for use on the bow, transom or even the side of your boat

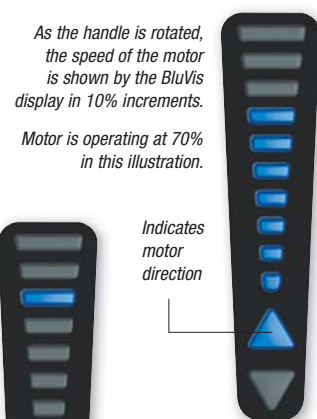

### INDUSTRY-LEADING TRANSOM MOUNT.

The VariMAX transom mount features aluminum alloy construction with a rugged powder coat finish. Stainless hinge pins provide the ultimate in strength, rigidity and durability. Includes an easy-to-use tilt/stow/deploy mechanism and swing over knobs on the clamp screws, allowing you to lock the motor to the transom.

### NEVER GET STRANDED WITH THE BLUVIS™ FUNCTION DISPLAY.

BluVis shows direction, precise speed settings and 10 levels of battery voltage when turned off. (BluVis 24-volt motor example shown below.)

When motor is turned off, the BluVis display shows battery voltage level for 3 seconds.

12-volts remaining in this illustration of a 12-volt battery (13.5-volts fully charged).

Model	Part No.	Peak Thrust	Shaft	Volts	Speed Control	Mount Style
<b>Hand-Control Transom</b>						
VariMAX V40	966000010	40 lbs.	30"	12	Variable	Aluminum
VariMAX V40	966000020	40 lbs.	36"	12	Variable	Aluminum
VariMAX V45	966000030	45 lbs.	36"	12	Variable	Aluminum
