X3

HAND-OPERATED \ CABLE STEER \ BOW MOUNT \ FRESHWATER \ SALTWATER

A WINNING COMBINATION OF VALUE AND PERFORMANCE A reputation for reliability doesn't happen overnight. It happens over tens of thousands of casts and too many fishing spots to count. X3 is overbuilt to handle it all, but at an unexpectedly fair price. With available premium features like Digital Power Management, X3 delivers a lot of bang for your buck.

- Available hand-operated models with extendable handles and forward/reverse motor direction
- Available cable steer models with traditional foot pedal steering and 5-speed or digital variable speed control
