MotorGuide®

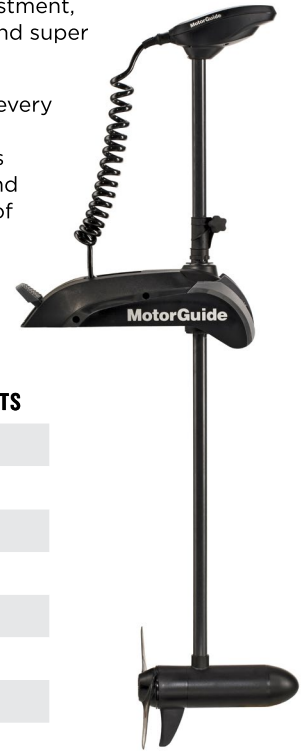

ENGINEERED FOR ANGLERS

Xi5 marks a key milestone in our history. It is the culmination of a renewed focus and significant R&D investment, to design, engineer, and manufacture these best-in-class trolling motors. We've made Xi5 stealthy quiet and super responsive. You'll also see thoughtful details that make it safer and easier to use.

Xi5 is designed to exceed the expectations of today's discriminating angler. It's engineered to be reliable every day and is durable over the long haul. Xi5 includes wireless capability out of the box, allowing anglers to command a precise motor and have full steering control from anywhere on the boat. Pinpoint® GPS allows you to focus on fishing while taking advantage of GPS functions like anchor, heading lock, route record and more. Additionally, the built-in 83/200 kHz sonar transducer in the nose of the lower unit for clear views of what is below.
