## KATANA PROP

Hub size: 3.5"

Our Katana two-blade weedless prop combines NASA's hydrofoil design and Mercury Outboard Propeller's industry-leading technology for the most powerful and efficient trolling motor prop on the market. Katana props deliver more power and up to 30% more battery efficiency compared to previous props and excel in current, shallow- and open-water applications.

**Standard Pack: 4**  
**8M4004173**
